WWW.BREENPLUMBING.CO.NZ

Breen Plumbing has a proud history of servicing South Canterbury's plumbing needs since 1997.

Breen Plumbing is a family owned and operated business with experience in all aspects of plumbing, gasfitting and drainlaying specialising in residential and commercial activities.

We welcome the opportunity to offer advice to clients. We like to deal direct with the homeowner but also have access to builders and subcontractors to help with any plumbing and gas projects.

Please visit our website for a full description of plumbing, drainage, gas fitting and roofing work that Breen Plumbing is able to offer:

Plumbing

Breen Plumbing has a team specialising in residential and commercial plumbing. We provide sophisticated and creative solutions to all your plumbing needs. Whether its bathroom/kitchen alterations, a new home, maintenance or repairs - we do it all. We welcome the opportunity to offer advice to our clients and we have access to subcontractors to help with your project.

Drainage

Our team of highly skilled drainlayers can provide professional advice on all domestic and commercial drainage issues. Breen Plumbing has drain cameras, drain machine and jetting machine, water blasters, and a sucker truck. Whether its your sewer, storm water, septic tank, new drains, water mains, sumps or field drains - Breen Plumbing can help you.

Gasfitting & Heating

Breen Plumbing installs all residential and commercial gas services. We do gas maintenance, repairs and servicing, gas water heating, gas appliance installation (fires, hobs, ovens, heaters), heating for sheds and offices. We are also certified log burner installers. All gas work is tested for your safety and certified as required.

Roofing & Spouting

Breen Plumbing has a roofing division with experienced staff. Breen Plumbing can help you with new roofs, reroofing, spouting, downpipes, membrane roofing, roof leaks and repairs, skylights. We are also certified installers of Solatubes in the SC area. For all your roofing needs call us - no job too big or small.
